EMBROIDERY

In this innovative age, embroidery are done with high speed computerised machinery. It is resourceful and has the ability to embroider outstanding quality that usually allows a longer life span than the garment itself. Embroidery offers a distinctive appearance and can be embroidered on vast range of clothing and apparels including knitweaves, towels, bags, hats, scarves etc.

DIGITAL TRANSFER PRINTING

Digital transfer printing of logo/artwork is produced by heat pressing specialty single or full colour prints onto garments. Danzo's latest commercial equipments offer high resolution images with soft and smooth finishing.

SCREEN PRINTING

Screen printing of logo/artwork is produced by directly pressing inks through mesh screens on to each garments. Each colour of the logo/artwork requires separate mesh screen, therefore a design with multiple colours will be more costly than a single coloured design.

Screen printings can be done on most garments which includes tees, polos, jackets, bags and aprons.
